- Change and to “or” in funds that we are avoiding
Discussion: The Finance Committee developed a policy to support CNU’s long term sustainability goals by investing three months’ worth of expenses ($200K) in a high performance fiscal, social, and equitable fund. Vote: All in favor, motion passes.

6. Annual Board Pledge — Presented by Laurie Volk (Chair Elect)

Discussion: This new document is not a policy, but a best practice comprised of existing policies. The main purpose of this document is to reaffirm one’s participation on the board, with a lesser purpose of an advanced funds pledge. Abby has a document with the confidential give/get for each board member, that tracks the personal donations and fundraising each year. In-kind donations can be counted if they offset a cost that otherwise would be incurred by the organization.

Next Steps: The Nominations Committee will consider adding estimated monthly volunteer hours for board members, and clarifying give/get expectation to the document. The committee will send this out to the board members in early January, to be returned with signatures by the end of the month.

Next Steps: The Google Doc will be sent to the entire board for edits and comments. This will be on the March, and May agenda if needed.

This formatting allows for greater transparency between the work of the organization and the work of the members.
