

Builders & Developers Workshop at CNU34:

A full day of programming and networking for builders and real estate developers.

Builders and Real Estate Developers play a critical role in implementing walkable, vibrant communities.

Attendees to this full day of custom content will gain practical insights from leading practitioners on every stage of development—from concept and urban tuning to financing, neighborhood main streets, and attainable housing strategies. Interactive breakout sessions and expert panels will provide actionable strategies for aligning architectural, urban, and market objectives while increasing profitability and community impact.

JOIN US: Tuesday, May 12th at the Graduate Hotel, Fayetteville

\$100 includes lunch and at least 7 hours of AIA, APA, LA-CES, and CNU-A continuing education credits, followed by a networking Happy Hour.

Key Topics Covered:

- **Design and Community Building:**

- Incubating New Main Streets
- Aligning Design and Development Goals
- Tuning Urbanism and Architecture

- **Finances of Developing Urbanism:**

- Data-Driven Principles and Process for Developing Urban Communities
- Increasing Profitability in Urbanist Projects

- **Affordability in Real Estate Development:**

- Reforming Regulations for Attainability
- Faith-Based Housing Development
